

Crime Scene Template

Only \$16.75 includes shipping & handling

Actual Size
8 1/2" x 11"

This 8 1/2" by 11" template includes furniture and plumbing cutouts in two convenient scales. The 1/4 inch equals one foot scale produces detailed scale drawings when drawn with a medium ball point pen. The template is useful for drawing burglary reports as well as more serious crime scenes, including arson. The one inch equals 10 feet scale can be used with the Double Traffic Template Set. Scale rulers for both scales are included. This notebook-sized template has holes to fit a three ring binder. Like all Bear-Aide templates, the Crime Scene Template is machined in the USA from the finest material available.

Human Figure Template

Only \$16.75 includes shipping & handling

The Human Figure Template is compatible with the Bear-Aide Crime Scene Template but can be used wherever the drawing of a male or female figure is required. Like the Crime Scene Template it is 8 1/2" by 11" with hole for a three ring binder. The scale is also 1/4 inch equals one foot when drawn with a ballpoint pen. A scale ruler is included on the edge of the template. The figures are in a variety of heights both front and side view. A diagram on the template shows how it is possible to reposition the template during drawing to produce realistic and informative drawings. The semi-opaque, glare proof material aids in customized drawing.

Actual Size 8 1/2" x 11"

Railroad Template

Only \$11.25 includes shipping & handling

Actual Size
8 1/2" x 11"

This unique 8 1/2 inch by 11 inch template is used to draw 1"=20' diagrams of railroad accident scenes with a medium ball point pen. The one inch equals twenty feet scale is compatible with other Bear-Aide traffic templates. Registration marks are provided on major railroad equipment cutouts to facilitate drawing of various sized cars and engines. In addition, a scale ruler, a protractor and a compass are provided. The template includes cutouts for signals and railroad ties. This notebook-sized template has holes to fit a three ring binder.
